

Welcome to PrimeTime Health Plan!

This directory provides a list of PrimeTime Health Plan's network providers.

This directory is for Carroll, Columbiana, Harrison, Holmes, Jefferson, Mahoning, Stark, Tuscarawas, and Wayne counties.

This directory is current as of August 2, 2010. Some network providers may have been added or removed from the list after this directory was printed. We do not guarantee that each provider is still accepting new members. To get the most up-to-date information about PrimeTime Health Plan's network providers in your area, you can visit www.primetimehealthplan.com or call our Member Services Department at 330-363-7407 or 1-800-577-5084, Monday through Friday 8 a.m. to 8 p.m. TTY users should call 330-363-7460 or 1-800-617-7446.

We are a Medicare Advantage organization with a Medicare contract.

This information may be available in a different format, including compact disc. Please contact member services at the numbers listed above.

Welcome!

This directory provides a list of PrimeTime Health Plan's network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage. Your PrimeTime Health Plan Provider/Pharmacy Directory has separated each provider by counties they are located in and by his/her specialty. For those with Part D Prescription coverage, a Pharmacy Directory is located in the back of this book, listed under Section 2.

You will have to choose one of our network providers that are listed in this directory to be your **Primary Care Physician** (PCP). The term "PCP" will be used throughout this directory. Generally, you must get your health care coverage from your PCP.

The "network providers" listed in this directory have agreed to provide you with your health care coverage. You may go to any of our network providers listed in this directory; however some services may require a referral. If you have been going to one network provider, you are not required to continue going to that same provider. In some cases, you may get covered services from non-network providers.

How to Submit a Bill

When you receive emergency or urgently needed health care services from a provider who is not part of our network, you are responsible for paying your Plan's cost sharing amount and you should tell the provider to bill our Plan for the balance of the payment they are due. However, if you have received a bill from the provider, please send that claim to PrimeTime Health Plan, P.O. Box 6905, Canton, Ohio, 44706, so we can pay the provider the amount they are owed. If you have any questions about what to pay a provider or where to send a paper claim, you may call Member Services.

For our members that are with our PPO plans, when you visit a provider who is not part of our network, you are responsible for paying your share of the Out-of-network cost sharing. You should then tell the provider to bill PrimeTime Health Plan for the balance of the payment due. However, if you have received a bill from the provider, please submit that to PrimeTime Health Plan, P.O. Box 6905, Canton, Ohio 44706, so we can pay the provider the amount they are owed. If you have any questions about what to pay a provider or where to send a paper claim, you may call Member Services.

Getting care if you have a medical emergency or an urgent need for care

What is a "medical emergency"?

A "medical emergency" is when you believe that your health is in serious danger. A medical emergency includes severe pain, a bad injury, a sudden illness, or a medical condition that is quickly getting much worse.

If you have a medical emergency:

- Get medical help as quickly as possible. Call 911 for help or go to the nearest emergency room, hospital, or urgent care center. You do not need to get approval or a referral first from your doctor or other network provider.
- As soon as possible, make sure that we know about your emergency, because we need to be involved in following up on your emergency care. You or someone else should call to tell us about your emergency care, usually within 48 hours.

We will talk with the doctors who are giving you emergency care to help manage and follow up on your care. When the doctors who are giving you emergency care say that your condition is stable and the medical emergency is over, then you are still entitled to follow-up post stabilization care. Your follow-up post stabilization care will be covered according to Medicare guidelines. In general, if your emergency care is provided out of network we will try to arrange for network providers to take over your care as soon as your medical condition and the circumstances allow.

What is covered if you have a medical emergency?

- You may get covered emergency medical care whenever you need it, anywhere in the United States. We discuss filling prescriptions when you cannot access a network pharmacy later in this section.
- Ambulance services are covered in situations where other means of transportation in the United States would endanger your health.
- Emergency Care Outside of the United States is covered.

What if it was not a medical emergency?

Sometimes it can be hard to know if you have a medical emergency. For example, you might go in for emergency care – thinking that your health is in serious danger – and the doctor may say that it was not a medical emergency after all. If this happens, you are still covered for the care you got to determine what was wrong, as long as you thought your health was in serious danger, as explained in “What is a medical emergency?” above. If you get any extra care after the doctor says it was not a medical emergency, the Plan will pay its portion of the covered additional care only if you get it from a network provider. We will pay our portion of the covered additional care from an out-of-network provider if you are out of our service area, as long as the additional care you get meets the definition of “urgently needed care” that is given below.

What is urgently needed care?

Urgently needed care refers to a non-emergency situation when you are:

- Inside the United States
- Outside the United States
- Temporarily absent from the Plan’s authorized service area
- In need of medical attention right away for an unforeseen illness, injury, or condition, and it is not reasonable given the situation for you to obtain medical care through the Plan’s participating provider network

Under unusual and extraordinary circumstances, care may be considered urgently needed and paid for by our Plan when the member is in the service area, but the provider network of the Plan is temporarily unavailable or inaccessible.

What is the difference between a “medical emergency” and “urgently needed care”?

The two main differences between urgently needed care and a medical emergency are in the danger to your health and your location. A “medical emergency” occurs when you reasonably believe that your health is in serious danger, whether you are in or outside of the service area. “Urgently needed care” is when you need medical help for an unforeseen illness, injury, or condition, but your health is not in serious danger and you are generally outside of the service area.

How to get urgently needed care

If, while temporarily outside the Plan’s service area, you require urgently needed care, then you may get this care from any provider.

Note: If you have a pressing, non-emergency medical need while in the service area, you generally must obtain services from the Plan according to its procedures and requirements as outlined earlier in this section.

Emergency care can always be obtained in or out of the service area from the nearest available provider. When in the service area you must use plan providers except in emergency or urgent care situations or for out-of-area renal dialysis. If you obtain routine care from out-of-network providers, neither Medicare nor PrimeTime Health Plan will be responsible for the costs. For our members who have joined a PPO plan, please understand that you have the opportunity to use non-network providers. However, it may cost you more to receive routine care.

Our Plan offers a Point of Service (POS) option for services associated with preventive hearing, vision, and dental. For hearing and vision testing you must see a network provider. For hearing aids, glasses, contacts, and preventive dental appointments, you must see a qualified provider of your choice.

What is the service area for PrimeTime Health Plan?

PrimeTime Health Plan's service area for our HMO and PPO plans includes Carroll, Columbiana, Harrison, Holmes, Jefferson, Mahoning, Stark, Tuscarawas, and Wayne counties in the state of Ohio. For your reference, the following map shows PrimeTime Health Plan's service area, along with the major cities and towns included in our network.

How do you find PrimeTime Health Plan providers in your area?

Your PrimeTime Health Plan Provider Directory has separated each provider by counties they are located in and by his/her specialty. For those with Part D prescription coverage, a Pharmacy Directory is located in the back of this book.

If you have questions about PrimeTime Health Plan or require assistance in selecting a primary care physician, please call our Member Services Department at 330-363-7407 or 1-800-577-5084, Monday through Friday 8 a.m. to 8 p.m. TTY users should call 330-363-7460 or 1-800-617-7446 or visit www.primetimehealthplan.com.

Enrollee Rights & Responsibilities

Quality health care and benefits are responsibilities you share with your doctors and your plan. We want you to know your responsibilities and rights. They are based on common sense, courtesy, and honest communication. Please read your Evidence of Coverage for a full description. If you have a question, concern, or a recommendation on improving PrimeTime Health Plan policies for promoting enrollee responsibilities and rights, contact us through our website at www.primetimehealthplan.com or call Member Services at 330-363-7407 or toll free at 1-800-577-5084 or TTY 330-363-7460 or 1-800-617-7446

You have a Right to:

- Receive information about your coverage and services (see your certificate or benefits booklet).
- A list of doctors, hospitals, and other PrimeTime Health Plan network providers. Visit our website, www.primetimehealthplan.com.
- Be treated with dignity and respect.
- A frank discussion with your doctor about your medical condition, including appropriate and medically necessary treatment options, regardless of cost or benefit coverage and to participate in making decisions about your health care. Your doctors are independent. They are not restricted or prohibited from discussing treatment options with you, including those that are not covered.
- Privacy of your health care and claims information. Your Protected Health Information will be used to pay claims, as permitted by HIPAA and as described in your Notice of Privacy Practices. Protected Health Information will not be disclosed to others without your authorization.
- Ask questions, raise concerns, make complaints, and appeal denials, as explained in your certificate or benefits booklet.
- To make recommendations about PrimeTime Health Plan's Enrollee Rights and Responsibilities Policy.

You have a Responsibility to:

- Bring your PrimeTime Health Plan ID card when you go to the doctor, hospital, drug store, or health care provider. It contains important information. Having your card may help save time and prevent mistakes.
- Tell the doctor or nurse about your condition. Tell your doctor what medications you are taking. Answer any questions the doctor or nurse may ask you completely and truthfully. This information may help your doctor form treatment goals and alternatives. Understand your health problems and participate in developing mutually agreed-upon goals.
- Ask questions if you do not understand something about your medical condition and the treatment alternatives (including medications) the doctor is recommending.
- Follow your doctor's medical advice and instructions. Take medications as directed. Let the doctor know if you have a bad reaction. Let your doctor know if your symptoms do not get better, or if they get worse. Schedule recommended follow-up appointments.
- Live a healthy lifestyle.
- Check your benefit chart (schedule of benefits).
- Get all required pre-approvals (pre-certification) and second opinions.
- Ask your employer or call PrimeTime Health Plan if you have questions about your coverage or responsibilities.

This list is subject to change.

This directory is designed to give you quick and simple information about the providers in our network.

On pages 7 through 14 of this directory you will find listings for Hospitals, Urgent Care Facilities, Ancillary Providers, Durable Medical Equipment Providers and Skilled Nursing Facilities. The balance of this directory is a listing, by county, of Primary Care Physicians, Specialty Physicians and Facilities. Here is an explanation of the contents of these listings...

County Listing

Introduction

This booklet provides a list of PrimeTime Health Plan's network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the Evidence of Coverage and PrimeTime Health Plan's formulary. We also list pharmacies that are in our network but are outside of our geographic service area. If you have additional questions, please call our Member Services at 330-363-7407 or 1-800-577-5084, Monday through Friday 8:00 a.m. to 8:00 p.m. TTY/TDD Users should call 330-363-7460 or 1-800-617-7446. Or, visit our website at www.primetimehealthplan.com.

We call the pharmacies on this list our "network pharmacies" because we have made arrangements with them to provide prescription drugs to Plan members. A network pharmacy is a pharmacy where beneficiaries obtain prescription drug benefits provided by PrimeTime Health Plan. In most cases, your prescriptions are covered under PrimeTime Health Plan only if they are filled at a network pharmacy or through our mail order pharmacy service. Once you go to one, you are not required to continue going to the same pharmacy to fill your prescription. You can go to any of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your Evidence of Coverage.

Preferred pharmacies are pharmacies in our network in which our Plan has negotiated lower cost-sharing for its plan members for covered prescription drugs than at non-preferred pharmacies. However, you will still have access to lower drug prices at non-preferred pharmacies than at out-of-network pharmacies. You may go to either of these types of network pharmacies to receive your covered prescription drugs.

HOME INFUSION PHARMACIES
Are home infusion pharmacies part of PrimeTime Health Plan's pharmacy network?

PrimeTime Health Plan will cover home infusion therapy if:

- Your prescription drug is on PrimeTime Health Plan's formulary;
- PrimeTime Health Plan has approved your prescription drug for home infusion therapy;
- Your prescription is written by a doctor; and
- You get your home infusion services from a PrimeTime Health Plan network pharmacy.
