PPO Provider Directory

This directory is current as of April 30, 2025.
This directory is subject to change. For an up-to-date listing, please visit www.aultcare.com.

Welcome to AultCare

AultCare's commitment to superior customer service, extensive health care services and efficient health care programs separate AultCare as a leader in the health care insurance industry. AultCare is here to assist you with your health care needs.

Our ultimate goal is to provide you with outstanding customer service and help you understand the multiple benefits of being an AultCare member.

Should you have any questions regarding your health care service or plan, AultCare representatives are ready to assist you. Please call us at the AultCare Service Center or visit our website at www.aultcare.com. Our website provides you with a resource of information to help you get the answers and tools you need to manage your health.

If you are not sure which directory to use (or which network you are in), please check your Member Identification Card for your network name.

Thank you for being an AultCare member!

Physician and Hospital Information Validation

* The web-based directory is updated daily.
* The printed directory is updated monthly, at a minimum.

AultCare receives information for the provider directory from a variety of sources, including the network provider. We confirm the accuracy of this information during the initial credentialing and again, at a minimum, every three years thereafter during recredentialing. It is possible that some of this information may change in between that period, and AultCare may not receive notice of the change. Therefore, we encourage you to confirm information directly with the provider's office, or by calling Customer Service at the number on your ID card.

Below we explain each field in the provider directory:

Provider Search Results	Explanation of Item	How Information is Collected and Validated
Provider Name/Hospital Name	The name of the physician, practitioner or facility.	Self-reported by the provider/hospital. Verified though the medical licensing website at the time of initial application and, at a minimum, every three years thereafter.
Medical Group Affiliation	The name of the medical practice(s) or medical group(s) that the provider is affiliated (officially attached or connected) with.	Self-reported by the provider. Verified at the time of initial application and, at a minimum, every three years thereafter or upon notification from practitioner when adding or changing an affiliation.
Office, Facility, Hospital-Location/Phone Number	The street address and phone number of the practitioner's office or facility/hospital. Location Accessibility Options.	Self-reported by the provider/hospital. Only provider locations approved by the network development committee are listed in the directory. Verified at the time of initial application and, at a minimum, every three years thereafter or upon notification from practitioner when adding or changing a location.
Gender	The gender of the physician.	Self-reported by the provider. Verified at the time of initial application and, at a minimum, every three years thereafter.
Hospital Affiliation	List of network hospitals where the physician is allowed to admit (send) and take care of patients ("has privileges").	Self-reported by the provider. Verified through those facilities medical staff offices at the time of initial application and, at a minimum, every three years thereafter.
Specialty	Field of medicine or area of expertise of the provider.	Self-reported by the provider. Verified through factors which include, board certification, graduation from an accredited professional school; advanced professional training post-licensure (ie. Residency, fellowship); and professional experience. Verified at the time of initial application and, at a minimum, every three years thereafter.
Languages Spoken by the Provider	Identifies the languages (other than English) the provider has the capability of communicating in when caring for patients.	Self-reported by the provider. Verified at the time of initial application and, at a minimum, every three years thereafter.
Board Certification	The physician has applied for and been awarded certification from the American Board of Medical Specialties (ABMS), American Osteopathic Association (AOA), or other recognized boards. To become board certified, a physician must: • Graduate from an accredited professional school • Complete a specific type and length of training in a specialty • Practice for a specified amount of time in that specialty • Pass an examination given by the professional specialty board Board certification is a voluntary process. Most certifying boards now require physicians to be recertified at specified intervals. If you would like more information about your physician's board certification, you may visit the ABMS	Self-reported by the provider. Verified directly with the appropriate board prior to inclusion of the data in this directory. Verified at the time of initial application and, at a minimum, every three years thereafter.

AultCare does not use quality measures, member experience measures, patient safety measures or cost-related measures to select practitioners or hospitals for our provider networks. However, practitioners are subject to a rigorous credentialing process upon initial credentialing and every 3 years thereafter.

Provider Search Results	Explanation of Item	How Information is Collected and Validated
	website at www.abms.org. and the AOA website at www.certification.osteopathic.org/.	
Accepting New Patients	"Yes" means the doctor is making appointments with patients that he or she has not seen before. "No" means the doctor limits his or her practice to existing patients only.	Self-reported by the provider and updated upon notification.
Networks	The AultCare products the provider participates in. If you are not sure of the type of product you have, contact Customer Service for help.	This is based on the contracts held with the products.
Hospital Accreditation	A voluntary review of the hospital's systems and processes for delivering safe and effective quality health care services. AultCare requires all of its network hospitals to obtain accreditation by the Joint Commission on Accreditation of Healthcare Organizations (JCAHO), Center for Improvement in Healthcare Quality (CIHQ), Healthcare Facilities Accreditation Program (HFAP) or Det Norske Veritas Healthcare, Inc. (DNV).	Self-reported by the provider. Verified directly with the appropriate Accreditation prior to inclusion of the data in this directory. Verified at the time of initial application and, at a minimum, every three years thereafter.
Hospital Quality Data	Links to accreditation held by the Hospital. Link to Medicare Hospital Compare which contains detailed information about Medicare-certified hospitals.	Verified directly with the appropriate Accreditation and Medicare Hospital Compare website prior to inclusion of the data in this directory. Verified at the time of initial application and, at a minimum, every three years thereafter.

AultCare does not use quality measures, member experience measures, patient safety measures or cost-related measures to select practitioners or hospitals for our provider networks. However, practitioners are subject to a rigorous credentialing process upon initial credentialing and every 3 years thereafter.

Enrollee Rights and Responsibilities

Quality health care and benefits are responsibilities you share with your doctors and your plan. We want you to know your responsibilities and rights. They are based on common sense, courtesy, and honest communication. Please read your certificate or benefits booklet for a full description. If you have a question, concern, or a recommendation on improving AultCare policies for promoting enrollee responsibilities and rights, contact us through our website at www.aultcare.com or call the Service Center at 330.363.6360 or toll free at 1.800.344.8858.

You have a Right to:

- Receive information about the organization, its services, its practitioners and providers, and member rights and responsibilities.
- Receive information about your coverage and services (see your certificate or benefits booklet).
- A list of doctors, hospitals, and other AultCare network providers. Visit our website, www.aultcare.com.
- Be treated with dignity and respect.
- A frank discussion with your doctor about your medical condition, including appropriate and medically necessary treatment options, regardless of cost or benefit coverage and to participate in making decisions about your health care. Your doctors are independent. They are not restricted or prohibited from discussing treatment options with you, including those that are not covered.
- Privacy of your health care and claims information. Your Protected Health Information will be used to pay claims, as permitted by HIPAA and as described in your Notice of Privacy Practices. Protected Health Information will not be disclosed to others without your authorization, except as permitted by HIPAA and state law.
- Ask questions, raise concerns, make complaints, and appeal denials, as explained in your certificate or benefits booklet.
- To make recommendations about AultCare's Enrollee Rights and Responsibilities Policy.
- Request accommodation if you have limited knowledge of the English language.

You have a Responsibility to:

- Bring your AultCare ID card when you go to the doctor, hospital, drug store, or health care provider. It contains important information. Having your card may help save time and prevent mistakes.
- Tell the doctor or nurse about your condition. Tell your doctor what medications you are taking. Answer any questions the doctor or nurse may ask you completely and truthfully. This information may help your doctor form treatment goals and alternatives. Understand your health problems and participate in developing mutually agreed-upon goals.
- Ask questions if you do not understand something about your medical condition and the treatment alternatives (including medications) the doctor is recommending.
- Follow your doctor's medical advice and instructions. Take medications as directed. Let the doctor know if you have a bad reaction. Let your doctor know if your symptoms do not get better, or if they get worse. Schedule recommended follow-up appointments.
- Live a healthy lifestyle.
- Check your benefit chart (schedule of benefits).
- Let your employer know if there are changes with you and your dependents.
- Get all required pre-approvals (pre-certification) and second opinions.
- Ask your employer or call AultCare if you have questions about your coverage or responsibilities.

This list is subject to change.

Your Rights and Protections Against Surprise Medical Bills

When you get emergency care or get treated by an out-of-network provider at an in-network hospital or ambulatory surgical center, you are protected from surprise billing or balance billing.

What is "balance billing" (sometimes called "surprise billing")?

When you see a doctor or other health care provider, you may owe certain out-of-pocket costs, such as a copayment, coinsurance, and/or a deductible. You may have other costs or have to pay the entire bill if you see a provider or visit a health care facility that isn't in your health plan's network.

"Out-of-network" describes providers and facilities that haven't signed a contract with your health plan. Out-of-network providers may be permitted to bill you for the difference between what your plan agreed to pay and the full amount charged for a service. This is called "**balance billing**." This amount is likely more than in-network costs for the same service and might not count toward your annual out-of-pocket limit.

"Surprise billing" is an unexpected balance bill. This can happen when you can't control who is involved in your care-like when you have an emergency or when you schedule a visit at an in-network facility but are unexpectedly treated by an out-of-network provider.

You are protected from balance billing for:

Emergency Services

If you have an emergency medical condition and get emergency services from an out-of-network provider or facility, the most the provider or facility may bill you is your plan's in-network cost-sharing amount (such as copayments and coinsurance). You **can't** be balance billed for these emergency services. This includes services you may get after you're in stable condition, unless you give written consent and give up your protections not to be balanced billed for these post-stabilization services.

Certain services at an in-network hospital or ambulatory surgical center

When you get services from an in-network hospital or ambulatory surgical center, certain providers there may be out-of-network. In these cases, the most those providers may bill you is your plan's in-network cost-sharing amount. This applies to emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist, or intensivist services. These providers **can't** balance bill you and may **not** ask you to give up your protections not to be balance billed.

If you get other services at these in-network facilities, out-of-network providers **can't** balance bill you, unless you give written consent and give up your protections.

You are never required to give up your protections from balance billing. You also are not required to get care out-of-network. You can choose a provider or facility in your plan's network.

When balance billing isn't allowed, you also have the following protections:

- You are only responsible for paying your share of the cost (like the copayments, coinsurance, and deductibles that you would pay if the provider or facility was in-network). Your health plan will pay out-of-network providers and facilities directly.
- Your health plan generally must:
  - Cover emergency services without requiring you to get approval for services in advance (prior authorization).
  - Cover emergency services by out-of-network providers.
  - Base what you owe the provider or facility (cost-sharing) on what it would pay an in-network provider or facility and show that amount in your explanation of benefits.
  - Count any amount you pay for emergency services or out-of-network services toward your deductible and out-of-pocket limit.
- **Depending on your plan, if you believe you have been wrongly billed, you may contact the Employee Benefits Security Administration at 1-866-444-3272 or visit their website for more information about your rights under federal law. Ask EBSA | U.S. Department of Labor (dol.gov)**
- **You may also contact the Department of Health and Human Services if you believe you have been inappropriately billed at 1-800-985-3059 or at No Surprises Act | CMS**
- **You may also contact the Ohio Department of Insurance if you feel you've been wrongly billed:**
